<http://www.DnDDrivingSchools.com>

Thank you for calling **D & D Driving School, Inc.** regarding our teenage driver education program. D&D provides complete driver education for all ages. We are celebrating over 50 years of service in the area by offering the best service at the most reasonable rates. Our school is an active member in the Driving School Association of the Americas, the Driving School Association of Ohio, and the Better Business Bureau.

State law requires that anyone under age 18 complete a minimum of 24 hours of classroom instruction and 8 hours of one on one behind the wheel instruction. Students are required to pass a written final test on the last classroom and a certificate is issued upon successful completion of both classroom and driving hours. We have convenient classroom locations and times...see the enclosed information for the location nearest you.

Learning to drive is a once in a lifetime investment and we know that you will want the very best training available. Our **professionally trained, state-licensed instructors** teach the most advanced techniques in defensive driving. We use the step-by-step method of teaching behind the wheel. Each student progresses at his/her own pace, rather than being forced into a rigid pattern. The special maneuvers - parallel parking, y-turns, etc. - are given careful attention, however, if the student is having trouble driving in traffic, more time will be spent there since it is essential that they learn proper vehicle control on the street.

Classes are now forming. The cost for the entire 32-hour state required course is \$370.00. We currently accept most competitor coupons. Any additional classrooms are free of charge and additional driving lessons are just \$70.00 per 2 hours. For the more inexperienced students, we offer an optional course consisting of 24-hours classroom instruction and 12-hours of behind-the-wheel training. The tuition fee is \$510.00 for the entire course.

The driver education car you learn to drive in is available for your use when you are ready to take the road test for your license for just \$70.00. We'll even go along with you to the exam station to help you through the red tape.

We hope we have answered some of your questions, but feel free to call us anytime for more details. **Getting signed up is easy...just fill out the enclosed enrollment form and bring it with you on your first class.** (You do not need to register over the phone). Be sure to bring your minimum payment (\$185.00), **if possible correct change and arrive 15 to 20 minutes early to sign up with a parent or legal guardian.**

Sincerely,

D & D DRIVING SCHOOL, INC.

P.S. A student can begin the classroom part of the course up to one month before he/she turns 15 1/2.

(Be sure to read the enclosed handout on how to obtain the temporary permit).
